MSP 650	40W	3/4"	2.4m (8 Ft.)	2.1m (7 Ft.)
MSP 800	50W	3/4"	2.7m (9 Ft.)	2.4m (8 Ft.)
MSP 1000	85W	3/4"	3.2m (10.5 Ft.)	2.7m (9 Ft.)
MSP 1500	230W	1"	5m (16.5 Ft.)	4.5m (15 Ft.)

INDOMA - KNOW US BETTER

Our pumps have long lead wire to avoid risky joints

We at INDOMA always believe in doing something different. We revolutionized the desert cooler industry in 2002 by introducing **Littelpump**. Due to its easy installation, energy saving, submersible system, zero noise, the vertical pump became obsolete. Though many have copied this product, for quick gain from its popularity, they are far removed from quality & reliability. We have brought in several other revolutions by launching world's first portable cooler & shock safe immersion rods for heating.

WE ALSO BROUGHT TO YOU THE REVOLUTIONARY

IndoMA
feel the quality
